The Academic Degree Regulations (Ministry of Education Ordinance No. 9 of April 1, 1953) allow for individuals who have received a doctoral degree to obtain the cooperation of a university (or the National Institution for Academic Degrees and University Evaluation) and publish the entire text of the dissertation related to the degree by using the Internet.

At this university, publication is carried out using CURATOR (Chiba University Repository for Access to Outcomes from Research). Therefore, please fill in the necessary information on **Confirmation of Internet Publication of Doctoral Dissertation (Form 1)** and then submit this form, together with the data for the entire text of the doctoral dissertation, to the student affairs desk of the relevant graduate school.

Moreover, if there is a reason that makes it impossible to publish the entire text of the dissertation within one year from the day the degree was granted, the individual may, upon receiving approval from the graduate school to which he or she belongs, publish an abstract of the dissertation rather than the entire text. Information about such reasons is available on the Chiba University website.

If you designate the start date for publication as “Undetermined” and publish an abstract, then, when the reason that made publishing the entire text impossible ceases to exist, please promptly submit **Report Related to Internet Publication of Doctoral Dissertation (Form 2)** to the graduate school in which the dissertation was reviewed.

Moreover, applicants for a degree will be responsible for checking on rights and taking the other steps necessary at the time of Internet publication.
